

Funding Co-ordinator's Report AGM 2023

During the 2022/2023 financial year we received funding as follows:

Lotteries Grant:

A grant of \$4828 was received on 28 October. This funds our Membership Management Software Platform (Wild Apricot), Xero subscription and our email/web services subscriptions (Zoom and Discount Domains).

These systems play a major part in maintaining good communication with the facilities we visit, our regional Liaison Officers and our members.

Donations:

Total \$8131

We were very fortunate once again to receive a generous \$5000 donation from a supporter.

Dogs NZ:

This is the second year of a five-year agreement; \$5000 was received on 30 August. This provides funds for training our Liaison Officers, Assessors and Placement Officers which includes holding an annual conference.

We are extremely grateful to receive this ongoing support which also includes the opportunity to feature in the monthly NZ Dog World magazine and being seen as part of the Dogs NZ family.

Sponsorship:

During the fifth and final term of our agreement with Ziwi we received the following:

Newsletters – printing and postage to members and facilities - \$4755

New Member Packs – postage and packaging - \$1386

Appreciation Certificates – Founder's Day - \$1218

Banners - \$1621

Total Spend: \$8982

I wish to formally thank Ziwi for their support since 2018.

Vicky Graham - Funding Coordinator
